LEARN ABOUT AND CELEBRATE

Health Care Teamwork in Preventing and Treating STROKE

STRIKE BACK AGAINST STROKE!

LIU School of Health Professions FACULTY AND STUDENTS
present a dynamic and engaging panel discussion about strokes (the #3 cause of death in the US and the #1 cause of death among African- American women). Learn what a stroke is, its risk factors, signs and symptoms, life-saving/damage control first aid responses, treatment and rehabilitation options, prevention tips, and the types of health professionals involved and how their roles compliment each other.
CLASSES WELCOME!

Date: Tuesday, February 28, 2012

Time: *Twice: 11am-Noon; and 6pm—7:30pm*

Place: Health Science Building, Room HS 119
Long Island University, Brooklyn Campus (Downtown)
1 University Plaza (Trains to DeKalb, Nevins, or Jay St.)
