

HELP SAVE THE LIFE OF A LOVED ONE!

LEARN HOW TO RECOGNIZE AND PREVENT AN OVERDOSE!

Our children, siblings, spouses or other loved ones are abusing opioids like Oxycodone, Hydrocodone and Heroin.

Learn what to do in case of an overdose and how

to administer the life-saving, overdose-reversal agent called Narcan.

Narcan is the antidote to an opioid overdose and you can get your kit free!

LIU Post

**Sponsored by the Department of Health, Physical
Education and Movement Science**

**Wednesday, April 12th 2017
12:30PM Life Sciences Room 139**

**Open to students, faculty and staff. Training takes
only 45 minutes and you will each get your own
Narcan Administration Kit!**

It could be the difference between life and death.
