Jack Nadel International is a nationally renowned creative marketing, promotional products & merchandise solutions company.

Work with us and you'll quickly find that we are different... in a very good way. While we fully understand that our clients' brands are virtual billboards and generate significant recognition, we are careful to take a strategic approach to our projects. Simply put, our services are marketing oriented, rather than product oriented. At JNI it's about more than just printing logos on products; it's about problem solving, exceeding client goals and objectives and always delivering on target and on budget.

New York City's students have endless potential-and great teachers add the spark. Our 1.1 million students come from every background and corner of the globe. They speak 184 languages, and 40 percent speak a language other than English at home. Nearly one in five have special learning needs. Three in four qualify for free or reduced price lunch. Each one deserves a vibrant education-one that engages them academically and empowers them personally. A teacher who sparks students' curiosity and confidence. A teacher who thrives on constant learning and collaboration with colleagues. A teacher passionate about jumpstarting the next generation of innovators, leaders and citizens. In short, we need teachers who can spark opportunity.

VoIPX International, Inc. is a 100% U.S. based company established in 2009, and dedicated to small, medium and enterprise businesses that are focused on cost savings and time management when it comes to their telecom needs.

VoIPX is powered by sister company NACT, founded in 1982, whose core business resides in hardware solutions and software intelligence for the telecom space. With a presence in over 25 countries, NACT has been providing advanced telecommunications services for emerging markets for over 30 years. Combined with the forces at NACT, VoIPX has at its fingertips a conglomerate of engineers, developers and entrepreneurs to support the needs and growth of its enterprise customers.
